

**Ahsanullah University of Science and Technology**  
*Department of Computer Science and Engineering*

**CSE 3100 : Software Development-III, Spring 2020**

**Project Name : “IACADEMY ”**

**Year: 3<sup>rd</sup>**

**, Semester: 1<sup>st</sup>**

**Lab Section:B**

**Group:B1**

**Group Members:**

**Name: Nazifa Anjum Suhi**

**ID: 180204103**

**Name: Kanzud Saiyara**

**ID: 180204105**

## Project Description

**iAcademy** is an E-Learning platform where students can choose their desirable courses (Science-related topics). This website help students to learn many things during this Covid-19 pandemic situation staying at home easily. On our website, there are many topics available like – Maths , Biology, ICT, History, Physics, Chemistry . Students can enroll themselves in multiple courses by login our website. Our site will be made learning easier for any student. So, we develop **iAcademy** which is compatible with students' needs.

## Project Scenario

On our website, students can take courses by logging in. After login, they can have other courses available which weren't visible before. Here, students can easily enroll in any courses according to their needs. Secondly, students can make their own profile in the My Profile Section and can change their passwords if needed. Thirdly , students can give their feedback in feedback section. Furthermore, in the Course section students can see their selected courses. Finally ,We have some tutorials where students can see some tutorials related to their chosen course.

## Software requirement

Visual studio code, XAMPP

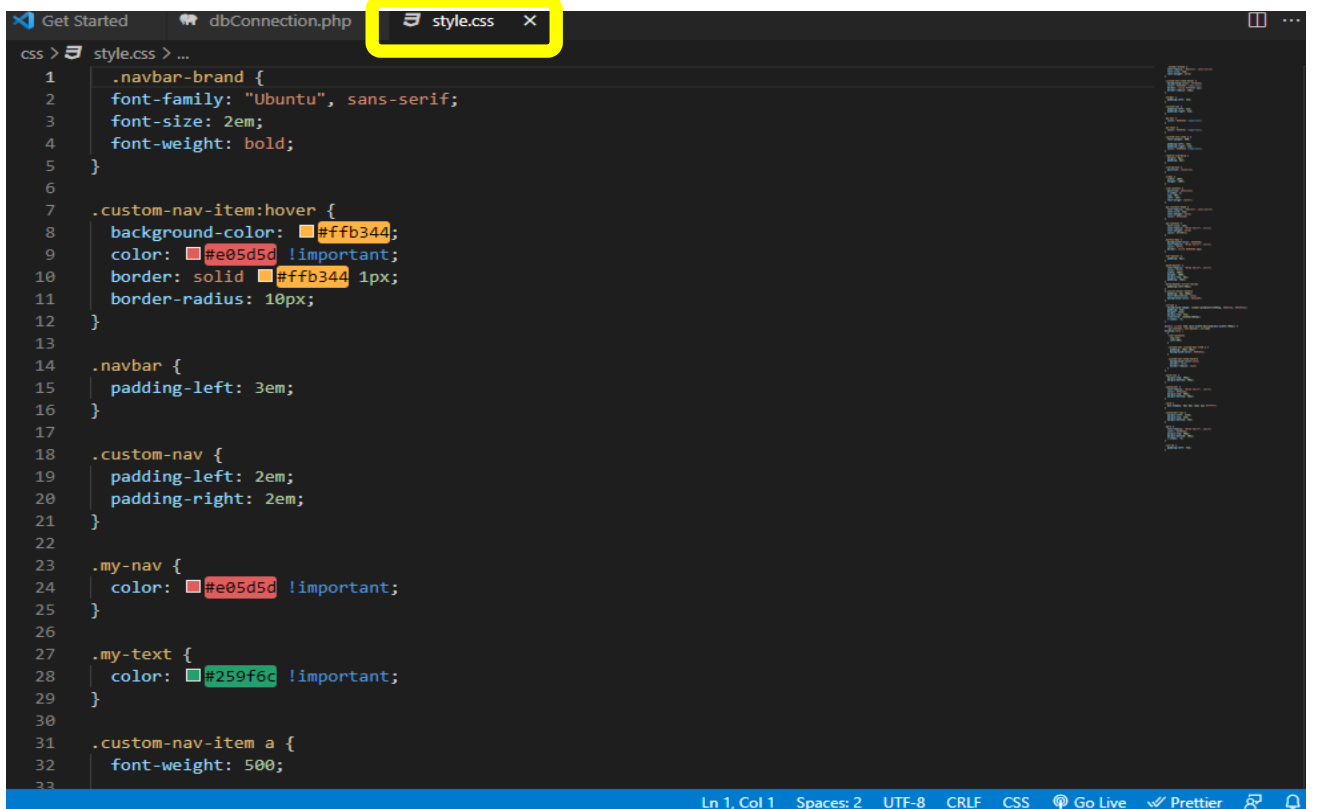

## Language Used

HTML, CSS, Bootsrap,PHP

# CSS

# addstudent.php

The screenshot shows a web browser window with the address bar displaying 'http://127.0.0.1:5555/studentProfile.php'. The page content shows a form with fields for 'Email', 'First Name', 'Last Name', 'Phone', and 'Address'. Below the form is a 'Save' button. A red error message is displayed at the bottom of the page: 'Warning: Undefined array key "password" in C:\xampp\htdocs\studentProfile.php on line 31'. The browser's developer tools are open, showing the 'Console' tab with the error message.

39 }

```

The screenshot shows a web browser with the address bar displaying 'about.php'. The page content is a large, bold, yellow text 'about.php' centered on a black background. The browser's developer tools are open on the right, showing the HTML and CSS of the page. The HTML shows a <div> with a class of 'about' and a <h1> about.php </h1>. The CSS shows a box-sizing of border-box and a text-align of center.

Activate Windows

Go to Settings to activate Windows.

The image displays two side-by-side screenshots of the iAcademy website. The top navigation bar is consistent across both, featuring the iAcademy logo and links for 'Learn and Implement', 'Home', 'Payment Status', 'Login', 'Signup', 'Feedback', and 'About Us'. The background of both pages shows a stylized illustration of children in a classroom setting.

The left screenshot shows the 'Student Registration' form. It includes a title bar with a close button (X). The form contains three input fields: 'Name', 'Email' (with a checked checkbox), and 'New Password'. A text line states, 'We'll never share your email with anyone else.' Below the inputs are two buttons: a blue 'Sign Up' button and a grey 'Close' button.

The right screenshot shows the 'Student Log in' form. It also has a title bar with a close button (X). The form contains two input fields: 'Email' (with a checked checkbox) and 'Password'. At the bottom right, there are two buttons: a blue 'Log In' button and a grey 'Cancel' button.

## **Future Plan**

We are working on payment section where some premium courses will available and students have to buy them.

## **Conclusion**

**iAcademy** is a Student friendly website, where students can easily learn and develop their knowledge. In this pandemic situation, this website is much helpful for any student. Hopefully, this website will build their future towards learning.
